To Whom It May Concern:

Shania Channel was my student for three Mathematics for Elementary School Teachers courses at Sheridan College. Her math skills were strong, especially toward the end, and she earned grades of "B" and "A" most of the time. I watched her self-confidence grow over the time I had her in class. Although I never witnessed her interacting with young people, I believe that she will be a fine teacher at the elementary level. She has an excellent work ethic, and rarely if ever missed a class.

Please feel free to contact me at home as I am retiring from Sheridan College this semester.

Sincerely,

A handwritten signature in cursive script that reads "Elizabeth Mason".
